

With its sleek lines and stunning finishes, this plate can be used to trigger two different flush volumes and blends in seamlessly with the rest of the collection. Although electrically operated, it also features a back-up battery in case of emergency and activates a smooth, reliable 6 L full flush or 3 L half flush. This dual flush plate is available in three finishes: warm Greige lends a discreet, sophisticated air; the Nero finish adds a bold, contemporary feel; and the gleaming Silver finish is a versatile option to complement any colour scheme.

Compatible with Duplo support for wall-hung WC Ref. A890090400 and Armani/Roca island collection built-in cabinets.

Number of buttons: 2

Colours and Finishes

How to obtain the reference number
Replace the “..” with the desired finish code from the list below
