

Soft curves and practical sophistication characterize this under counter washbasin that features an inside width of 61 cm and a bowl designed with the anti-splash Water-Flow system. Its impeccable contours conceal the Hide-Flow system, which includes a hidden outlet and overflow to avoid any aesthetic distractions. Thanks to the technology used manufacturing the porcelain surface, it has a smooth, silky feel that complements its elegance and sensual form.

Available in four finishes, this piece can be used to create the desired atmosphere in any bathroom: the smooth Glossy White adds a crisp, fresh look to the piece; Off-White offers an updated twist on a classic, elegant finish; warm Greige lends a discreet, sophisticated air; and the Nero finish adds a bold, contemporary feel.

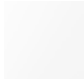

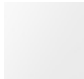

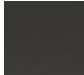

The wide selection of Armani/Roca Island collection vanities designed to complement this under counter basin offer multiple solutions for attractive, capacious storage in any space, and are available in a range of finishes. They incorporate an exquisite tinted glass countertop that gives the entire unit a sleek, harmonious look.
