

This thermostatic bath mixer for other bathtubs not only adds sleek contours and stunning finishes to the wellness area, but also incorporates a bath filler tap, pop up waste outlet and overflow. To enhance the aesthetic harmony of the bathing space, it features a 1.7 m handheld shower hose that remains concealed when not in use. The Armani/Roca water outlets are fitted with the Easy-Clean anti-lime scale system to ensure optimal performance and ease of maintenance.

This unique bath mixer is available in four finishes: shiny Chrome creates a fresh, modern look; warm Greige lends a discreet, sophisticated air; the Nero finish adds a bold, contemporary feel; and Brushed Steel brings a unique, industrial finish to the bathroom space. It is not compatible with the Armani/Roca bathtubs, having been designed to add an exclusive touch to other bathtub models.

Application place: Bathtub  
Installation type: Deck-mounted  
Type of cartridge: Thermostatic

### Colours and Finishes

How to obtain the reference number  
Replace the “..” with the desired finish code from the list below
